OSTOA

Ander Lizaso

Ostoa es una familia de elementos inspirados en la belleza natural y ligera de una hoja. Con sus formas suaves y acogedoras, la colección se ha diseñado para zonas de soft-seating.

Gracias a sus diferentes tamaños, materiales y opciones de tapizado, Ostoa ofrece la posibilidad de crear ambientes personalizados. Como ocurre con las hojas en otoño, permite crear combinaciones armoniosas de forma intuitiva e involuntaria.

Ostoa is a collection inspired by the natural and light beauty of a leaf. With cozy and soft forms, the program has been designed for soft-seating spaces.

Thanks to its different sizes, materials and upholstery options, Ostoa offers the possibility to create personalized surroundings. As it happens with the falling leaves in autumn, it allows designing harmonious combinations in an intuitive and unpremeditated way.

Designing singular atmospheres

Ander Lizaso

Ander Lizaso (Oiartzun, 1986). Realiza sus estudios de ingeniería y diseño en la Mondragon Unibertsitatea y en el Instituto Europeo de Design de Madrid. Su aproximación al diseño es honesta y crítica al mismo tiempo. Huye de algunos de los vicios clásicos del sector y trata de diseñar productos duraderos que desarrollen conexiones con el usuario.

Ander Lizaso (Oiartzun, 1986) is a Basque industrial designer. He studied engineering and design at the University of Mondragon and at the Instituto Europeo de Design in Madrid. His approach to design is honest and critical at the same time. He runs away from some of the sector's classic vices and tries to design lasting products that develop links with the user.

Reducing our environmental impacts

From our surroundings in Usurbil, Spain, we find inspiration in every corner. This landscape is not only our home but also our identity—the place we care for and preserve, fueling our commitment to sustainability. It's in this connection with nature that our ideas are born and our developments take shape.

EPD (Declaración medioambiental de producto) - EPD (Environmental Product Declaration)

Una EPD es una declaración ambiental certificada elaborada en conformidad con la norma internacional ISO 14025 consiste en un documento mediante el cual una empresa, de acuerdo con unos parámetros predeterminados, comunica el rendimiento ambiental del producto de forma transparente.

An EPD is a document that communicates the environmental impact of a material during its life cycle, from the raw material extraction process, transportation to the manufacturing site and the product manufacturing process.

ISO 9001

ISO 9001 es una norma mundialmente reconocida para la gestión de la calidad. Ayuda a organizaciones de todos los tamaños y sectores a mejorar su rendimiento, cumplir las expectativas de los clientes y demostrar su compromiso con la calidad.

ISO 9001 is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality.

ISO 14001

La ISO 14001 es la norma líder mundial para sistemas de Gestión Ambiental. Entre los beneficios de implantar esta norma se incluyen la reducción del impacto medioambiental, la disminución de la generación de residuos y del consumo energético, y el recorte en los costes de la actividad empresarial.

ISO 14001 is the world's leading standard for environmental management systems. The benefits of implementing this standard include reducing the environmental impact, cutting down on waste generation and energy consumption, and decreasing business activity costs.

ISO 14006

ISO 14006 es una norma Internacional que proporciona directrices para ayudar a las organizaciones a establecer, documentar, implementar, mantener y mejorar de forma continua su gestión del ecodiseño como parte de un sistema de gestión ambiental (SGA).

ISO 14006 is an international standard that provides guidelines to help organizations establish, document, implement, maintain and continuously improve their ecodesign management as part of an environmental management system (EMS).
